

Privacy Policy for Sunset Farm

Last updated: 25 february 2023

* Personal Data

The game does not collect your personal information, such as first name and last name, addresses, email addresses, agenda, or other private and personal things. We collect information about the device such as its model, android version. The game has access to your storage to be able to save and return to the same place without losing anything. He does not have access to photos or other personal elements, but only to his save location (xStefanR0.SunetFarm).

* ADS

There are no ads in the game, therefore there is no possibility that your data will be sent to ad companies.

* Children

The game is made especially for children and does not contain elements that can affect children emotionally or in any other negative way.

* Security

Since we do not collect personal data, any personal information is safe.

* I don't agree with the policy.

If you do not agree with our policy, you can uninstall the game at any time and any connection with your device will disappear.

* Update

The policy may change from time to time, so it is recommended to check it periodically.
